

Jonathan remember...« save your universe or save the other universes » it was something i has to do long time ago you certainly thinks what i choose but first back in time or all started....

The story takes place 4 years ago in Los Angeles in United states the tension in contry is high and the criminality was the same cause a lot of criminals escape to the prison whith help of other criminals ,Jonathan was 13 years old ,and he always hated this world cause a lot of pepole die cause of criminality. In this universe the terminator was create to stop the world war three and unfortualy the terminator have been hacked by someone for kill all the human, but one of them has survived to the hack .It was T-450 he was the most resistant terminator and when the man try to hacked him, he discovers something the hack wanted to another universe so he discovers the multiverse and with his highest intelligence know how travel in another universe and in 2 years, he made the multiverse travel machine .

But how are we supposed do that they arn't even human ! Respond the soldier.

T-450 respond “you think im maybe?!” And whatever if they arn't human we can kill them and save the multiverse and we gonna do that right now !

Kevin Conor say” Are you sure its working ?”cause if one accident happen the humanity will disparrear your our last hope even if you are a terminator.

T-450 will promess to Kevin “Kevin i promesse you to save the humanity so i will make all my possible and yes the machine work i know and in my travel i won't be alone

someone will help me and i know who he is but i can't tell you now you gonna know it later so don't worry cause when the war stop and all the terminator dead i be back..."

T-450 enter in the machine in direction of a multiverse and says goodbye to kevin at this moment

Good luck my friends... say kevin Connor

During this moment in another universe Jonathan look at the man at his eyes without even know him.

Jonathan schocked say "What do you want? "if you want monney i don't have it so get out !

William murata: Oh calm down, I'm not here for that because I saw you fighting with someone and I was surprised to see your fighting ability.

Jonathan with the angry said "So?! I fight and what you think you gonna fight me or what ? You think you are in a movie dude ? Whatever i don't have time for you bye".

Don't worry im gonna see you again and i will tell you why i need you..."say William with a strange smile"

Jonathan again with a part of angry and fear “Your scary dude go see a doctor”.

After this stange meeting jonathan went to see his friends but dicovers the police at his home.

Jonathan say “What’s happend” !

Don’t go in this house five children has been killed by a man are you see him? Said the police agent.

Jonathan with despear “How that possible my friends are alive it’s impossible !!”

I’m sorry kid ...Im gonna call your parents don’t move ! Said the agent with pression.

Jonathan with surprising said “What ?! So your a criminal and whatever i will never found him even if i do im weak compared to you and for finish what i will says to my parents ?!”

William murrata respond to Jonathan ”Nobody will know that cause that will be our secret and don’t worry cause im gonna train you ...good im gonna go oh and i forgot the killer don’t come from this universe.”

Jonathan curious “ Ok at least i can kill this man ! Wait What universe ?!”

Tree years later Jonathan who has 16 years old become the criminal killer the most strong of the world but at this moment T-450 arrives in the universe and come found Jonatahan.

T-450 was arrived and said “Hello jonathan come with me its the moment to save the universe william have all explained to me and you so come help me to save the multiverse and i will help you in back don’t worry i explain you later why i choose you.”

Jonathan and T-450 go to the center of multiverse

-T-450 and Jonathan arrive in term of them multiverse travel..

“ We have arrived in a weird place jonathan ?” Says T-450

“Yes is very weird and creepy this place is to cold and gloomy ,brrrrr !!!!” Respond Jonathan

T-450 says after “What is that noise about !?”

“I don’t know but i know when it dangerous but we should follow where this sound is coming from” Respond Jonathan

T-450 says “Yes I agree for your proposition but perhaps we should take something to defend ourselves.”

-onathan respond “ok let’s go!!”

T-450 says to jonathan ”silence!! Speak less loudly”

Jonathan respond “ooohhh sorry”

Jonathan says “pffff it just a old machine nothing more banale”

T-450 says “No it’s not just a old machine,it’s a machine for go back up the time past ,knowing me in my world”

Jonathan says “ooohhh impressive but does it exist a machine related with several parallel universe “

T-450 respond to him “euh yes but it’s uncommon to find some of our day.”

Jonathan says “We have not lucky,but a one question ? is it possible to created our clean machine for the parallel universe?”

T-450 respond “I don’t know ,your question is not allowed in my database”

Jonathan says “pfff !!,why this this thing of gender we arrives what about us !!!!”

“I feel when make a heart attack !!!!” Says loudly Jonathan

T-450 says “Say calm Jonathan we will find the solution to the problem.”

Jonathan says “I try it”

T-450 says “I analyse the type of machine,according to my scanner ,that machine would have served to the reparation of the parallel universe.”

“ooohhh thanks you my god ,the chance is with us” says Jonathan

T-450 respond “But we have a small problem ,according also of my scanner the machine would exremely damage.”

Jonathan says “oohh no! “

T-450 respond “But thanks to my central unit we will be a chance for repeat that machine.”

Jonathan says “Very good, begin!!!”

T-450 says “YES !! let’s go!!”

Building of the machine

T-450 says “Pass me one 10 nut please.”

Jonathan says “Of course !! consider it done!”

T-450 says “I’d need also that piece.”

Jonathan says “Okay I give it to you.”

Shhhhh!!!!,boom boom!! Tac tac tac!!!!

3 weeks later..

T-450 says “I think it’s done..”

Jonathan says “Yes but I have the impression something is missing ?”

T-450 says “Oh no !!, he miss one energie capacitor!And we don't have any in our possession!”

Jonathan says “the irony”

T-450 says after “And any energies capacities were all destroyed during my war in my world,miss that the machine will not be able to function.

Jonathan respond “Heyy!! I believe one thing , in my world he there was a bunch,I try to go back in my world and to find a one but it to risqy, by doing that ,this could worsen temporalitis of world us.”

T-450 says “According to my calculations the probabilities when you succeed is of approximatively 12 por cent!”

Jonathan says “We don’t have the choice !! we must try it !!!!”

T-450 respond “Okay okay,we try it..”

Jonathan place it in front of the gate and go inside.

Jonathan says loudly “Ahhhh!!!! , I seen one !! but I have difficulties ,I think not last very long time!!! Ahhhh!!!”

T-450 respond Hold on Jonathan !! hold on !!

Jonathan: Oh!! Good and I don't successful is not it ?

T-450: And figure you if !!!!

Jonathan: oohh thanks you God !!!

T-450: For a human you're not that cowardly

Jonathan: Thank you and you know how to encourage a machine

T-450: Yes it's true

T-450: And now operate the machine

T-450 operate the machine but ...

T-450: Finally done !!, the machine finally operate!!

Jonathan: Ohh I'm happy to seen when the machine function

T-450: I configurate the any importants settings

Jonathan: Come on !! come on !!

Jonathan: it has to go faster!!

T-450: Calm Jonathan !! calm!!, it's necessary to be ultra precise for adjust the settings

T-450: And he must when focus

Jonathan: Ohh it's to long !!!! , now give me that !!! ,let me make that !!!!

T-450: No don't touch that !!!, you're going to mess everything up !!

-T-450: NO !!! you let me that

Aaaaaaaaaaaaaahhhhhhhh!!!! Ppffff boooooommm!!!!

T-450: What did you do !!??

T-450: The machine instead to reappar the multiver he make when to get worse things!!!

Jonathan: all that circus is just entierly your fault!!!

T-450: My fault !!?? If you would not have intervened this would not have happened and now we cannot go back

Jonathan: I hate you !! I've had it up to here!!

-T-450: Noooo!!!

Jonathan fell into the black hole

T-450: He must absolutely when to stop the destruction of the multiverses, otherwise the temporalities we will meet everyone and that I can't let this happen....

T-450: Hurry !!!!, I have to hurry !!, the multiverse is in the process of destruction

T-450: Who is the machine ?! is it here !! poomm!!! Crrr!!!

T-450: I can't repair the machine, she is any damage and out of order, I am regretful to say that... is the end..

Nooo!!!!

T-450: what?! Jonathan it's you !!!

Jonathan: Yes I am be back, and I will save the multiverses, and I am sorry for I have done I blame myself and.. I will repaired my stupidity..

-T-450: Noo!!! Jonathan !!! don't make that!!, it's too dangerous..

Jonathan: I don't have the choice T-450.. this is my destiny, and if you have the chance to go to my house, say to my family when I love them, and don't forget my promises kill this man for me. farwell..
